Trading Credit Promotion

Terms & Conditions

This document sets out the rules for this Trading Credit Promotion, please make sure you read and understand in its entirety before entering the promotion. "Our company" refers to DecodeGlobal Ltd hereafter.

The Promotion

Clients who open an account with Decode Global and deposit no less than \$1000 will be eligible to participate. The Trading Credit percentage starts from 100%! The Trading Credit will be a multiple of the first deposit made to the participating MT account during the promotion period.

We are offering a different amount of Trading Credit based on the deposit amount you put in your account as per below,

Deposit amount	Extra trading credit
\$1,000 - \$1,999	\$1,000 - \$1,999
\$2,000 - \$4,999	\$4,000 - \$9,998
\$5,000 - \$9,999	\$15,000 - \$29,997
\$10,000 - \$25,000	\$40,000 - \$100,000

Why Fund Allocation is better than a higher account leverage?

Take US\$10,000 as an example. Two accounts are opened with:

1. 500 times leverage, and
2. 5 times allocation with 100 times leverage

Comparison of 500 leverage and 100 leverage with trading credit

We use \$10,000 deposit to illustrate the difference:

500 leverage			100 leverage with trading credit		
Account balance	Max lots	Stopout	Total funds	Max lots	Stopout
10000	50	5000	50000	50	9000
8000	40	4000	48000	48	7000
5000	25	2500	45000	45	4000
3000	15	1500	43000	43	2000

Advantages with extra trading credit:

1. Increased margin allowing more volume to cover loss or make more profit
2. Stop out level is increased

Note:

The trading credit constitutes an additional free margin limit; therefore, it increases the amount of funds available for trading purposes ONLY (i.e., for opening new positions and maintaining margin requirements to such positions). It is not withdrawable and losable. Only one account is allowed per individual. If the client would like to enter this promotion again, they must apply again.
